JUNSHUO CUI

INDUSTRIAL DESIGNER

EDUCATION

Xi'an Jiaotong University

Industrial Design

Bachelor of Engineering Anticipated 2028

Politecnico di Milano

Engineering of Industrial Design

Bachelor of Engineering Anticipated 2028

Duke Kunshan University

Medical Physics

Exchange Student in Aug. 2025

DESIGN EXPERIENCE

Lamp Design 2024

First attempt, self-taught in modeling and rendering, and successfully completed it.

Classified Garbage Bin Design 2024

Led a design team for the first time, successfully delivering the project and earning an award.

Single-Person Luxury Vehicle Design 2025

Project Work 1 (Course Assignment). Led the design team; project received full marks.

RESEARCH EXPERIENCE

Flexible Wearable Sensor Project 2025

Designed and built a flexible wearable respiratory sensor, handling the complete workflow from hardware fabrication and circuit integration to firmware programming and code deployment.

Resting-state electroencephalography research 2025

Ongoing research exploring the relationship between resting-state EEG patterns and real-world creative behavior, with a peer-reviewed publication planned for 2027.

SKILLS

Design

User Experience
User Interface
Wireframe
Information Architecture
User Research & Testing
Design Empathy

Software

Figma	Keyshot
Sketch	Blender
C4D	Rhino
Bambu Lab	Adobe Suite
Office	Solidworks

INTERESTS

Sports Nutrition / Bodybuilding
Interior Design / Arts / Calligraphy
Neuroscience/Medical Physics
